## **PROFILE**

I'm Brazilian, originally from Florianópolis, and have lived in Portugal since 2019. Before programming, I graduated in Law. I am the youngest child in a family of 2 brothers. Course currently Systems Analysis and Development, with graduation scheduled for June 2024.

My main technologies are techs focused on FrontEnd. HTML, CSS, JavaScript, REACT JS, DOM manipulation, SASS, TypeScript, API consumption, etc.

In the BackEnd part, I work with NodeJS and have knowledge of Python, SQL, GoogleSheets/Excel and Tableau. I have training in Agile methodologies, namely SCRUM. For version control, I use Git/Github.

Seeking a challenging position where I can utilize my technical expertise and contribute to the success of a dynamic organization.
